

INCLEMENT WEATHER POLICY

Originated in Worship Committee

Approved by Board of Trustees December meeting 2004 ?

A decision to cancel the Sunday Service will be made jointly by the Minister and the Worship Committee Chair if there is no power at Trinity by 1:00 p.m. on any given Sunday. In this event the congregation shall be notified either by the Administrator through email or via a phone tree (one person per page in the Directory and they will notify others on that page). In general, safety should be the first consideration for all attendees, musicians, lay leaders and speakers in deciding to attend even when Trinity does have power.
