In 1983, concerned that too few people were actively participating in their own democracy, she launched the Giraffe Heroes Project, to inspire people into active participation in public life. The organization has since honored well over 1,300 "Giraffes," and told their stories in every medium that becomes available.

She attended the Universities of Kentucky, Rhode Island, and Hawaii and earned her BA in psychology from Humboldt University in Washington. As the wife of a naval aviator she learned a lot more.
